### **DETAILED ACTION**

Applicants' response filed on 2/35/2004, under 37 CFR 1.116 in reply to the final rejection has been considered and entered. Applicants' supplemental response filed on 4/30/2004 is also made of record.

In view of applicants pointing out that subject matter of claims 109-160 is same as 15, and 75, the restriction requirement of the previous office action as pertaining to these claims is withdrawn.

Claims 15-32, 71-85,98-100, 109-133, and 147-151 are now pending.

In view of applicants' response, all 112 and prior art rejections made in the previous office action have been obviated.

Upon further consideration, the Finality of the previous office action is withdrawn to apply the following new rejections.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 15-32, 71-85,98-100, 109-133, and 147-151 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

1. The independent claims 15, 71, and 109 are indefinite for more than one reason.

In definition of R<sub>11</sub> "a substituted or unsubstituted cycloalkylalkyl" appears twice in the definition. It is not clear what is intended.

Art Unit: 1624

Furthermore, the definition of  $R_{13}$  and  $R_{14}$  is confusing as it appears  $R_{13}$  and  $R_{14}$  are a heterocycloalkyl.
